

**FOR IMMEDIATE RELEASE**

## **Tensor Sells Second Folder to Papua New Guinea Newspaper**

WOODRIDGE IL, December 5<sup>th</sup> 2019, Established in 1969, the Papua New Guinea Post-Courier, with a circulation of 41,000 copies, is the largest newspaper in New Guinea. Owned by News Corp., it was the first daily national Newspaper in New Guinea.

Chicago based Tensor International, in cooperation with Simon Munday at National Printing Equipment of Australia, has been awarded a contract to add a new H-50 folder with quarter folder to its existing 18-unit T1400 press. Tensor will also be responsible for all reconfiguration in installation work.

“The new H50 folder will be the main folder on this two folder press adding better performance and increased flexibility to their printing operations” added Mike Pavone, COO for Tensor International.

The equipment was shipped in early September 2019 and installed in early November 2019.

Tensor press offering information can be found at [www.ustensor.com](http://www.ustensor.com).

### **About AH Tensor International LLC**

Tensor International was created in early 2012 by combining the synergy and design innovation knowledge of key former employees of Tensor Group with DCOS, a premier innovator and major printing industry automation supplier. This combination of strengths makes Tensor International unique in the single-wide, single-round press market and allows the company to offer press packages that provide outstanding ROI and reliability throughout the expected life cycle of the press.

Tensor’s semi-commercial, insert and newspaper press equipment is valued worldwide for incomparable durability, quality and user-friendliness. Tensor manufactures its single-width press equipment and related parts exclusively in the United States and retains a worldwide network of dealers to support its sales, service and marketing efforts.
